

AC-90 Maintenance Fluid

Description

AC-90 is a true multi-purpose lubricant for maintenance and engineering professionals requiring a single-can, quick fix solution to common problems. AC-90's unique formulation is based upon decades of real-world performance experience – becoming a trusted and favoured product choice for engineers around the world.

Benefits

- Displaces moisture and eliminates damp induced faults
- Lubricates moving parts to keep them working smoothly and efficiently
- Rapidly penetrates and releases seized parts
- Excellent corrosion protection
- Cleans surfaces effectively, removing greases, heavy oils, waxes and more
- Does not contain silicone

Technical Data

Characteristics	AC-90 Maintenance Fluid
Appearance	Pale yellow liquid oil
Odour	Traditional engineering oil
Specific gravity at 20°C	0.837
Solubility	Insoluble in water
Flash Point	41°C
Electrical conductivity	Non-conductive
