

TransGear 80W-90

Description

Transgear 80W90 GL-5 is an extreme pressure multi grade manual gearbox lubricant offering superior wear protection and excellent low temperature characteristics designed to give maximum protection to gearboxes, differentials (hypoid and spiral), transfer cases and transaxles in cars, light commercial vehicles, 4WDs, trucks, construction equipment, agricultural equipment and other applications.

Benefits

- Smooth shift
- Enhanced oxidation stability
- Suitable for most 4 and 5 speed manual transmissions
- Superior wear protection

Specifications

- API GL-5
- MT-1
- CHRYSLER MS-9020
- MIL-L 2105D

Technical Data

Characteristics	TransGear 80w-90
Specific gravity at 15 C	0.8770
Kinematic viscosity at 40 C, mm ² /s (cSt)	155
Kinematic viscosity at 100 C, mm ² /s (cSt)	15.3
Viscosity index	99
