

TransGear 85W-140

Description

Transgear 85W140 GL-5 is a heavy extreme pressure multi grade differential and gearbox lubricant offering superior wear protection and good low temperature characteristics designed to give maximum protection to gearboxes and differentials in heavy loads and shock-loading.

Benefits

- Protects differentials, final drives and axles from heavy loads and shock loading
- High temperature stability and oxidation resistance
- Superior wear protection
- Recommended for heavy duty applications like 4WDs, trucks, trailers, farm machinery, construction equipment and other heavy applications.

Specifications

- API GL-5
- MT-1
- CHRYSLER MS-9020

Technical Data

Characteristics	TransGear 85w-140
Specific gravity at 15 C	0.8960
Kinematic viscosity at 40 C, mm ² /s (cSt)	380
Kinematic viscosity at 100 C, mm ² /s (cSt)	28.0
Viscosity index	102
