

# ATV 10w-40

ATV 10W-40 is a high performance 4-stroke engine oil combining the latest advanced performance additives with highly refined mineral and synthetic base fluids. This oil provides critical cold start and high temperature performance ensuring engine component protection under a wide range of operating conditions. ATV 10W-40 will keep engine components clean, protect from wear, whilst controlling rust and corrosion and ensuring optimum operational efficiency. ATV 10W-40 has stays-in-grade, even in high revving engines, ensuring optimum reliability of both engine and gearbox components. An ideal choice for riders who commute and attend track days.

## BENEFITS

ATV 10W-40 is recommended for the majority of high performance four stroke motorcycles, where a product of this type and specification is demanded. Makes include: Aprilia, BMW, Cagiva, Ducati, Honda, Kawasaki, Moto Guzzi, Peugeot, Suzuki, Triumph, Yamaha, etc. This grade is also suitable for gearboxes where a SAE 10W-40 is required.

## SPECIFICATIONS

- API SN
- JASO MA2

## TECHNICAL DATA

CHARACTERISTICS	ATV 10w-40
Specific gravity at 15 C	0.868
Kinematic viscosity at 40 C, mm <sup>2</sup> /s (cSt)	96.21
Kinematic viscosity at 100 C, mm <sup>2</sup> /s (cSt)	14.78
Viscosity index	156
